Education

Mapuá Malayan Colleges Laguna

Bachelor of Science in Information Technology, Cyber Security

Cabuyao, Laguna

A.Y. 2025-2026

University of Perpetual Help System DALTA - Calamba Campus

STEM Strand – With Honors

Calamba, Laguna

A.Y. 2021-2022

Notable Experiences

Capstone Research

Project Manager, Lead Mobile Developer

2025-2026

- Spearheaded development of a multi-factor attendance system utilizing QR codes, Bluetooth Low Energy (BLE), and Wi-Fi to enhance employee tracking.

Rubik's Cube Cipher

Lead Researcher, Lead Developer

November 2025

- Developed, documented, and implemented a custom cryptographic cipher in Python based on the spatial permutations of a Rubik's Cube.
- Analyzed data security strength by simulating bit-level rotations to create a complex encryption pattern.

FreeRTOS Rock-Paper-Scissors Game

Systems Developer

September 2025

- Engineered a hardware-based game using Arduino and FreeRTOS, implementing task scheduling and semaphore management for real time input processing.

Cryptool

Backend Developer

March 2025

- Implemented a modular codebase allowing for efficient processing of encryption and decryption tasks.

Tic-Tac-Toe in Assembly

Lead Developer

November 2024

- Implemented a fully functional Tic-Tac-Toe game using x86 Assembly language, managing direct hardware interactions and memory addressing.

CCIS Week 2024 Dashboard

Full Stack Developer

July 2024

- Developed a centralized event management dashboard using Oracle DB and Node.js, enabling real-time tracking of student participation and events scheduling.

Jukeboxd

Backend Developer

February 2024

- Developed a dedicated e-commerce marketplace for vinyl records, supporting multiple formats (LPs, EPs, singles) and featuring a dual-interface system for both Administrators and Customers.
- Implemented a robust backend using ASP.NET (C#) and SQL, implementing complex relational tables for user accounts, inventory management, shopping carts, and order logging.

Orbit

Backend Developer

February 2024

- Developed a scalable micro-blogging platform featuring real-time global feeds, user-to-user interactions, and dynamic content rendering.

Skills & Interests

Technical: Assembly, HTML, Git, Python, Java, C, C++, C#, JavaScript, PHP, SQL, Kotlin.

Languages: English C2, Filipino C1, Korean A2

Interests: Mobile Development, Application Development, Cybersecurity, Game Development, Website Development, Network Engineering, System Administrator, System Analysis, Game Bug Hunting.

Certifications

Google Developer Program – Google Cloud Skills Boost

January 2026

Google Cloud Innovator – Google Cloud Skills Boost

January 2026

CompTIA Tech+ – CompTIA

December 2025

CodeChum Python Course – CodeChum

December 2022
